423.899.2588 TN OFFICE
904.757.8440 FL OFFICE

USIE provides vacuum truck services for commercial roofing companies throughout the east coast. Our specialties include ballast removal of rock, dirt, and other debris giving you cost effective solutions for roof replacements.

BENEFITS:

Eliminates Wheelbarrows and Shoveling

Reduces Double Handling of Rock

Dramatically Reduces Dust

Saves Time and Money on Labor

Reduces Work Comp Claims

Rock is Hauled Away in an Enclosed Tank

Minimizes Dust Pollution

Eliminates need for Dumpsters

Manage Disposal, Transportation, and Tipping Fees

BEFORE

1.5"- 2" river rock on a three story building prior to USIE vacuum operations.

AFTER

Rock is removed with new roofing system put in place
